Community Health Center of Cape Cod Offers Pharmacy Services for Patients and Non-Patients Alike

Mashpee - Accessibility and integration of services are two of the core values of Community Health Center of Cape Cod and offering a variety of services reflects the continued commitment to provide accessible, quality care to the local community. The Health Center pharmacies are one of these key services that are offered. Access to prescription medication should never be a barrier to care, so the Health Center has two pharmacy locations that offer a large range of services and convenient hours of operation.

Both Health Center pharmacies are staffed with knowledgeable and friendly professionals. Health Center pharmacists provide clear communication to help manage medical conditions and prescription interactions. The Health Center pharmacies offer fast refills, vaccines, and can find alternatives to reduce the cost and number of medications you are taking. These pharmacies also offer specialty hours for seniors and high-risk individuals and accept nearly all prescription insurance plans.

The Community Health Center Bourne Retail Pharmacy, located at 123 Waterhouse Road, offers convenient hours from 8:00am to 6:00pm, Monday through Friday with the 8:00am to 9:00am hour reserved for seniors and high-risk individuals. The Bourne Pharmacy can fill prescriptions submitted by providers both within and outside of the Health Center organization.

The Community Health Center Mashpee Pharmacy, located at 107 Commercial Street, offers prescription services to patients of the Health Center only, with hours on Monday through Thursday from 8:00am to 6:00pm, Friday from 8:00am to 5:00pm, and Saturday from 8:00am to 12:00pm, with the 8:00am to 9:00am hour reserved for seniors and high-risk individuals. To learn more, visit www.chcofcapecod.org, or call (508) 477-7090.

####

Community Health Center of Cape Cod is a non-profit Federally Qualified Health Center that provides access to health care for adults and children with MassHealth, Commonwealth Care, Medicare, private insurance, or no insurance at all. Services include primary and preventive care, dental care, optometry, behavioral health, pharmacy and coordinated case management at locations in Bourne, Centerville, Falmouth, and Mashpee.
