Massachusetts Health Connector to Provide New, Additional Financial Help for Health Insurance Premiums

*Extended enrollment to run through July 23 to maximize opportunity
for residents to gain access to new premium support*

- The Massachusetts Health Connector will be able to provide hundreds of thousands of people with new and increased help paying for their health insurance premiums as a result of the recently enacted American Rescue Plan, starting for May coverage.
- The new law will make federal premium subsidies, known as Advance Premium Tax Credits, more generous in two ways:
 1. It will increase them for many of the Massachusetts residents who already receive them
 2. It will make federal premium subsidies available to more people who have never qualified before.

Community Action Committee of Cape Cod & Islands has certified Health Connector Navigators available to assist:

- Anyone without Health Insurance has a continued opportunity to get coverage through The Massachusetts Health Connector. You can apply and enroll in MassHealth at any time during the year.
- Shop for Affordable Health/Dental Plans, Compare Deductibles and Co-pays.
- People receiving COBRA Coverage can switch to a Health Connector Plan.
