

Students,

I want to start by thanking you for your hard work under unprecedeted circumstances. We have talked all along about maintaining routine and normalcy during this time. I ask that you continue to do your personal best until we weather this storm.

As we enter week #2 of our online remote learning, please feel free to reach out to teachers or administration if you are having any issues. Many teachers are now doing live sessions to help you understand the material. I encourage you to connect to these sessions when they are available.

This week, we are going to add a Courage Day. What makes us different as a school, are all of the other things we do besides the day-to-day learning. We want to continue to improve our Faith lives and also practice our monthly virtues. This months virtue is courage and that is very fitting for the times we are currently under. On Thursday, I have asked all teachers to not assign any new material and no assignments will be due on that day. Instead, we will put the virtue of courage into practice. Attached is a document explaining what Thursday will look like. If you have questions, please ask me or Mrs. Sternberg. You will post your activity, when completed, to your Theology teacher's google classroom. Mrs. Sternberg and I will grade them from the google classroom.

Just a couple reminders for this week:
