NYSERDA (CPSI) Retro-Commissioning Webinar

2020 has brought significant and possibly long-lasting changes to building operations and occupancy in NY. Have your facility's energy needs changed as well?

Are you wondering if now is the right time to retro-commission your building's energy systems?

Get your questions answered at "The Building Owner's Guide to Retro-Commissioning" complimentary webinar, Tuesday August 18, 12-1 pm.

Joe Morosko, CBCP, will walk the audience through the reasons to retro-commission and how it works.

Hilary Grimes-Casey, CEM, will follow with a review of NYSERDA funding and technical assistance programs that could support retro-commissioning in ratepayer-owned buildings in NY.

This complimentary webinar is sponsored by NYSERDA's Commercial Programs Support Initiative.
