# UNDERSTANDING MEDICAID MANAGED LONG-TERM CARE FOR FAMILIES

*Presented by Agnes Bonavoglia, Esq., NSLS ICAN Unit*

**Thursday,  
April 22, 2021  
6:00 pm**

ICAN, or Independent Consumer Advocacy Network, supports people in Medicaid long-term and managed care plans who need services in the community, like home attendants or adult daycare. This presentation for Medicaid recipients, families and caregivers will describe Nassau Suffolk Law Services' ICAN Unit.

Learn about the assistance, advocacy, and representation we provide for Long Island residents receiving long-term care in the community. The presentation will also discuss the benefits and services Medicaid long-term care programs provide. It will explain how to access those services and what rights a participant has. Finally, learn how to address quality issues or denials of services.
