

# Sexual Assault Awareness Month

## Drawing Connections - Prevention Demands Equity

### 18th Judicial District Sexual Assault Response Team (SART) Presents SAAM Clothesline Project

**Clothesline Projects began in 1990 to address the issue of violence against women. It's an interactive exhibit designed to increase awareness of violence, honor survivors' strength, and provide an avenue for breaking the silence that often surrounds this type of violence. Creating and displaying these exhibits reveal how many people sexual violence affects.**

A Big THANK YOU To Participating Agencies
