

KID'S CAMP

You are invited to a fun week-long kid's camp to explore famous artists, learn art history, see art around Boyne City – and create your own art!

Campers will be introduced to famous artists and explore different mediums through literacy, art history, and engaging projects. Classes will be held in the Boyne Arts Center classroom with daily trips to the library to hear stories and do research. On the return trip from the library to the classroom, campers will explore Boyne City, to observe how art applies to everyday life, and view and discuss original artwork in the art center's gallery.

An example: We will explore the bronze logging sculpture in the Boyne River at Old City Park. Not only is it a beautiful work of art, it also depicts the significant historical impact the logging industry had in the early formation of Boyne City.

At the end of each week-long camp, there will be an "art gallery exhibit" of all campers' works, held at the library.
