The perfect healthcare benefit for your family

Diagnosis is useless if you can't afford the prescription...We help with both!

A truly free solution for most medical conditions

82% of all illnesses are now served by telehealth and over 90% of these illnesses are treated with medications included in 24x7 Doctor Call

We provide a free physician by phone or video using **MDLIVE** network and then pay for many of the prescribed generic medications at over 65,000 pharmacies

Fast, free access encourages early diagnosis reducing length and severity of illness as well as scheduling conflicts

\$14.99 a month for the whole family

24x7 Doctor Call Highlights:

- Unlimited 24/7 physician access
- Board certified physicians in every state
- Zero copay
- Free preferred generic medications
- Discounts on most other medications

Nationwide Rx Access – 65,000+ locations

CVS, Walgreens, Walmart, Costco, Rite Aid, Discount Drug Mart, Albertsons, Kroger, Kmart and many more!

NEW: Free list adds prenatal supplements with folate! Fall 19

24x7 Doctor Call® is not an insurance program and is therefore typically sold direct to consumer. Telemedicine services should not replace a primary care physician. Use of this service is strictly for non-emergency, general illness. Members of 24x7 Doctor Call pay a monthly fee for the service. Powered by: BasiCare Plus &
