

## Gown 30 GSM

Fabric: Polypropylene Non-Woven

Total Weight: Approximately 4.5 ounces per Gown

- Water Repellent
- Can be rinsed
- Disposable
- Strap Closure on back at neck and adjustable center back strap closure
- Straps tacked to each side of Gown
- Elastic on Cuffs
- Packed in individual Polybag
- Generous Cut
- Gowns cover and provide a barrier for important areas from the shoulders to the knees and wrists.
- Color: Blue, Yellow

Note: Impervious and High-Fluid Gowns offer a high level of protection from blood and body fluids and helps maintain the health and confidence of personnel. These non-sterile gowns feature an impervious plastic film or film laminate, with a polyethylene coating. The gowns combine effective fluid resistance with wearer comfort and are ideal for patient contact, fluid isolation, decontamination or general cleanup tasks.
