The Health and Wellness Center hosts community basketball leagues, aerobics, seminars and a variety of business events that will give your organization great exposure, not to mention potential for exposure to our own 8,000 plus church membership. The community health fair draws an annual average attendance of nearly 600 people each year and provides screenings for Breast Cancer, HIV/AIDS, Prostate Cancer, Hypertension/Heart Disease, Kidney Disease, Sickle Cell Anemia, and Diabetes.

Due to the great support of our sponsors over the past fifteen years, we have been able to assist with a variety of community service programs to include the support of several area scholarship funds for students pursuing a career in the medical profession, provide scholarships for free sports physical exams for middle and high school children playing organized sports within their school districts, make much needed equipment purchases, and provide CPR/AED training. It is our goal to make a positive impact on the lives of the members of our community and we are working diligently to make this year's Community Health Fair an even greater success.

Please reply by February 9, 2019 to reserve your space. Fees should be addressed to BF Health and Wellness Program.
