

*The Color Pink*  
**Breast Cancer Awareness**

Out of an abundance of care and caution for our survivors and community during the COVID-19 pandemic, we decided not to move forward with the production of the virtual Breast Cancer Awareness Gala in 2020. The Gala is an event to raise community awareness concerning breast cancer with an emphasis on prevention and early detection. Our program operates solely on donations and sponsorships that help us to continue to provide much needed support to our community. Proceeds from the event provide scholarships for breast cancer screenings (mammograms) for the uninsured and under-insured, provide education, support, and awareness to the general public on breast cancer and support other Brookland Foundation program initiatives.

We ask that you consider continued support of The Color Pink Breast Cancer Awareness initiatives in order for the services that we offer to continue during the COVID-19 timeframe. We thank you for your consideration for continued support!

Donations are being received online and through the Foundation office.
