The Brookland Foundation
"Safe In His Arms"
Celebrating Breast Cancer Survivors

The Brookland Foundation is a community based non-profit organization established in 1994 to extend outreach to the greater Columbia community. Our mission is to improve the lives of people by developing and promoting efforts to enhance their spiritual, emotional, physical, social and economic well being.

The Color Pink Breast Cancer Awareness Gala is a special event sponsored by the **Brookland Foundation's Health and Wellness Program**. The American Cancer Society has reported breast cancer as the most commonly diagnosed cancer and the second leading cause of cancer death among women in the United States. The purpose for this event is to raise community awareness concerning breast cancer with an emphasis on prevention and early detection. Funds raised provide scholarships for breast cancer screenings (mammograms) for the uninsured and under-insured and to provide education and awareness to the general public on breast cancer and other Brookland Foundation program initiatives.

Our very special guest for the evening will be national recording artist, Avery*Sunshine. Avery*Sunshine describes herself as a cross between Oprah Winfrey and Bette Midler. To experience her live is to understand this notion. In a genre that is inundated with singers, Avery*Sunshine has forged a way for herself by staying true to her musical vision. "My greatest wish is for our music to empower and encourage, in some way, everyone who hears it. Avery*Sunshine's #1 hit single "Call My Name" from her critically heralded sophomore project THE SUNROOM, was awarded ASCAP's Rhythm and Soul song of the year 2016 award. "I am always striving to fill the space that I was created to fill. And I pray that the small space that I occupy in this world reminds everyone to SHINE no matter what."

You are invited to become a major part of this event by participating as a sponsor. Please take a moment to review the enclosed Information detailing how we can partner in the fight against breast cancer. Your consideration to participate is greatly appreciated.

About the Event

The Color Tink
