“Forever We SPARKLE! Forever We STAND!”

I am Regina Strother and this is my story:

Hello everyone, I am Regina Strother, and I am a BREAST cancer SURVIVOR! I was diagnosed in September of 2019, and the 26th of that month was the scariest day of my life I thought. On that day as I was told those dreadful words, "Mrs. Strother you have cancer". This was after a painful biopsy that they claimed to be painless, but I beg to differ. That day seemed as if things went into high throttle, full speed ahead, rush mode, and everything was of an emergent nature! Things needed to happen and needed to happen right then. After 3 surgeries, radiation therapy daily, more surgery, constant medication changes, loss of hair (I was still Beautiful though), oncology appointments, physical therapy and more.... JUST TO SAY BY THE POWER OF ALL MIGHTY GOD I'M STILL HERE FOR A PURPOSE AND cancer IS SMALLER THAN WHAT GOD HAS FOR ME!

I AM A SURVIVOR! *Forever We SPARKLE! Forever We STAND!*
