“Forever We SPARKLE! Forever We STAND!”

My name is Ariella Oxner Hughes and this is my story:

I am a native of Little Mountain, SC and currently resides in Columbia, SC with my loving husband Willie Hughes IV of 21 years and our beautiful daughter Zoey Savannah. I am a two-time breast cancer survivor. I was diagnosed with triple negative breast cancer in December 2014 and again with the same diagnosis in September 2017. "Why me" is all I continued to say and then I stopped and began saying **"Why not me?"**

Every day is a birthday, and I am a living witness that you can be resilient after any adversity. As a two-time breast cancer survivor my prayer is that every time I share my testimony someone will be inspired and motivated to fight a little harder and live a little longer. **My many scars are evidence that I am stronger than what tried to kill me.**
