

FUN FACTS

- 1) The only letters that don't appear on the periodic table are J & Q.
- 2) If you cut down a cactus in Arizona, you be penalized up to 25 years in jail. It is similar to cutting down a protected tree species.
- 3) At birth, a baby panda is smaller than a mouse.

INTERVIEWS

One of the middle school electives this year is rock band. We interviewed some of the newly joined 6th graders for some information into the elective. Mae T. said, "We are mostly playing religious songs, like "Sweet Home Alabama" except with religious lyrics." Marie M. another 6th grader, "It has been fun, and I'm happy I was chosen for piano." It seems that everybody is enjoying themselves, and we can't wait to hear them.

The Cardinal Chronicle

WEEKLY UPDATES

On September 5th, the sixth-grade class had a Bible mass because it is a tradition of St. Rose of Lima to give each sixth-grade class Bibles. Maggie Padilla (a sixth grader) said, "It was a very special moment to get my Bible because I have seen every class do it since I was in Pre-K." Olivia (another sixth grader) said, "It was a very special time. The bookmark my mom and dad gave me made my Bible feel like it was mine." Another sixth grader named Makayla, said, "It was really special to receive my Bible." The entire sixth grade class wants to say thank you to Father Rafa and to everyone who helped.

SPORTS

On Thursday and Friday (22nd and 23rd), St. Rose had open gym for volleyball players who want to tryout. There were many girls there, from the grades of 5th -8th, to play and get ready for the season. We did many drills such as serving, bumping, setting, and we even played against each other, team versus team.

There were also people playing football and getting ready for the season to start. They have had a few practices training for tackling, throwing, and catching.

The cheerleaders are cheering us on! Our new cheerleading squad is back at it again by practicing flips, stunts, dances, and cheers! Get your spirit going just like the cheerleaders. Go Cardinals!!!

FEAST DAYS

- Pope St. Gregory the Great Sept. 3
- St. Rose of Viterbo Sept. 4
- St. Lawrence Justinian Sept. 5
- St. Eleutherius Sept. 6
- St. Cloud Sept. 7
- St. Peter Claver Sept. 9

BOB JOE THE "SUPER POTATO"

Some time ago there was a war on a faraway planet called Picklevania and on that planet there was one potato named... BOB JOE the SUPER POTATO!!! Bob Joe was quite a potato, after all he was the planets hero....

There was a time when vegetables walked around and greeted each other in peace, but along came a villain named DR. PEPPER (no not the drink the vegetable) and he had an army of BELL PEPPERS. Dr. Pepper was constructing a machine that would capture all the vegetables on the planet with only one flip of a switch. No one knew why he wanted to do this but only that it wouldn't be good.
