- ❑ **Complete the Emergency Response Information Form (ERI).** You can access this form by going to [www.ngu.edu/residence-life.php](http://www.ngu.edu/residence-life.php). Find the Emergency Response Information Form on the list. This ERI is very important to the Office of Student Life; please make sure the information is accurate. We use this form in the following ways:

1. The student's contact information is entered into our Blackboard Connect alert system. This system is used to notify students by phone, text and e-mail of any emergency or change in normal operations of the University.
2. The form provides University emergency personnel or other emergency personnel with information they can use to treat a student that may not be able to communicate.
3. The parent/guardian contact information is vital in case we need to contact a parent/guardian in an emergency situation that involves their student. We are also building a parent e-mail database to improve our communication with parents.
4. This completed form allows us to speak with emergency personnel or medical personnel in place of the parents. This is important so that we can communicate proper information to the parents.

**Please send the completed Emergency Response Information Form (ERI) to the Office of Student Life before August 4, 2017. The form may be scanned and emailed to [student.life@ngu.edu](mailto:student.life@ngu.edu) or can be printed and mailed to: the Office of Student Life, NGU, P.O. Box 1892, Tigerville, SC 29688.**

- ❑ **Complete the Medical History, Immunization and Physical Examination Record.\*** You can print this record by going to [www.ngu.edu/general-information.php](http://www.ngu.edu/general-information.php), click on "NGU Student Health Form" at the bottom of the page. A completed form requires a physical exam, complete immunization record and a TB Test. Please note that the meningitis vaccine is required. **If you are an education major you must have a TB Skin Test each year. A separate duplicate TB Skin Test result sheet (Section C of this form) must be given to the college of education each school year.** This form is used by the Student Health staff to provide proper care for our students. Also, on the Health Services page you will find a very important letter from our Student Life staff to help provide the proper care for our students.

\*If you are a returning NGU student with this record already on file, you do not need to complete this form again. The only exception is if you are a returning education major, you must complete Section C (the TB test) every year.
