

# Trish McKinney Workshop

March 13-15, 2023

Medium: Acrylics, Acrylic inks, Mixed Media

\$400

Location: Arts Council of York County

121 E. Main Street

Rock Hill, SC

Discover the wonder and beauty of Nature's Palette through playful experimentation. Students will discover the glories of nature's palette as they implement nature into pours of acrylic ink-like paint.

Leaves, grass, twigs, plants, stencils, mark-making and collage will then be used in creative ways to design a painting. Design will be the main focus of this workshop, with an emphasis on composition, line and shape variation, harmony, and repetition. Students will also learn how to intertwine soulful quotes into the background as an added layer of meaning and will use stencils, designed by Trish, in organic, abstract shapes to finish the painting. Bring your imagination and your sense of adventure and leave your inhibitions at the door! Trish will bring some leaves, quotes to collage, stencils to play with (designed by her!), various textural ephemera for students and a few other creative surprises. For more information about Trish, go to her website at [www.trishmckinney.com](http://www.trishmckinney.com).

For more information, contact Marcia Buike at [valuent@comporium.net](mailto:valuent@comporium.net). The workshop is sponsored by the Fort Mill Art Guild and you will find the detailed workshop description, supply list and payment information at: [www.fortmillartguild.com](http://www.fortmillartguild.com).
