

Friends School Haverford Horticulturists Garden Club

Interested in learning how to grow a bulb to compete in the Philadelphia Flower Show? Join the Friends School Haverford Horticulturists Garden Club. The club is open to all Middle School Students. We will learn all the steps to enter our Amaryllis Bulbs into the Philadelphia Flower Show. We will also learn about this year's Philadelphia Flower Show theme, *The Wonders of Water*. We will research our watershed, ways to conserve water, and other important topics concerning water to prepare for our trip to compete at the Philadelphia Flower Show in March. The Club dates are to be determined. This club is not a LARK.

The \$60.00 fee includes the cost of the bulbs, pots, supplies, Philadelphia Flower Show entrance, student transportation, and a 2018 Friends School Haverford Horticulturists Sweatshirt.

I am interested in joining the Friends School Haverford Horticulturists Garden Club.
