

## UC Master Gardener Program Contra Costa County School Gardens March 2022 Newsletter

Greetings School Garden Champions and UC Master Gardener Volunteers!

Spring can be a very busy and exciting time at the school gardens. As the temperatures warm up, we are getting to hear from many of you about all the wonderful activities you are planning for your school gardens.

This is a great time to start seeds for a summer vegetable garden. To care for a summer garden, plan in advance to have someone monitor your school garden during the summer break. Now is a good time to amend the soil with compost. Add a thick coat of mulch to suppress weeds from taking over the garden and to conserve water.

We are curious to hear from you and visit your school gardens. Please reach out to us for consultations.
