

Hello! We are so happy to start another season. It is Spring and to embrace the season we will have early spring favorites, Strawberry Rhubarb pies. Also, we are using local asparagus with goat cheese in a special quiche. The tangy goat cheese with the grassy notes of the asparagus makes this an excellent addition to your table.

Let me know and I will hold all of your favorites for pickup!

Please email me at marie@myhousecookies.com for pre orders. I will take payment at the market. We accept cards and cash.
