# About the Music

## Concert Band

**Taddington Square** by James Curnow (b.1943)

In the beautiful mountains of the Peak District in England nestles the small, quaint village of Taddington. From the opening fanfare to the lyrical middle section, Taddington Square portrays the beauty of this village, it's people and the rugged surrounding countryside.

**Infinite Horizons** by Robert Sheldon (b.1954)

Robert Sheldon is one of the most performed composers around the world of wind band music today. Infinite Horizons is full of the colorful harmonies, energetic rhythms and sonorous scoring that are hallmarks of this composer's music. It was commissioned by the combined Concert and Symphonic Bands of Glenview Middle School, East Moline, Illinois.

## Symphonic Band

**Abracadabra** by Frank Ticheli (b. 1958)

"....one of the most interesting and attractive composer's on the scene today, Ticheli's music is immediately accessible, crafted with impressive flair and an ear for striking instrumental timbres and colors." Lawrence A. Johnson, South Florida Sun-Sentinel  
Abracadabra was composed in the summer of 2004. The piece is dedicated to his son, and is at once playful and serious, innocent and mischievous. Throughout the composition, Ticheli said he was thinking of magic as a source of fun and fantasy.

**Variation Overture** by Clifton Williams (1923-1976)

From it's premiere years ago, Variation Overture has been a classic and a hugely successful publication. Presented as a concert overture, the theme and variations are immensely enjoyable to perform and to hear, time and time again. Fortunately it has all the hallmarks of Williams's style, with ostinatos everywhere, some harmonic surprises, and a heavy dose of melodic lyricism. The ending is vigorous and powerful.

## **Symphonic Winds**

**Barber of Seville Overture** by Gioachino Rossini (b.1792–1868)

Arranged by M.L. Lake

The Barber of Seville is an opera buffa in two acts. The libretto was based on Pierre Beaumarchais's French comedy. This piece has proven to be one of the greatest masterpieces of comedy within music. Even after two hundred years, it remains a popular work.

**Pirates of the Caribbean Suite** by Klaus Badelt (b.1967)

Arranged by John Wasson

From the blockbuster movie of 2002 comes a soundtrack filled with all the swashbuckling excitement of the high seas! Crews of scurvy pirates, canon blasts and cursed treasure join forces in this medley of themes, excellently arranged by John Wasson. The suite includes: *The Medallion Calls, The Black Pearl, To the Pirates Cave, One Last Shot, and He's a Pirate.*
