You are safe at home, not stuck at home.

Social distancing is an important component of slowing community spread of the Coronavirus (COVID-19). On March 26, 2020 a Safer-At-Home Order was issued for Cooper City to better ensure the safety of our residents, especially those who are most vulnerable.

You May Still:
1. Go to work if you are providing essential services as defined by the Order
2. Shop for necessities including groceries and pet supplies
3. Go to the pharmacy
4. Obtain medical care for you or your pet that cannot be provided virtually (call first)
5. Pick up take-out/drive-thru
6. Care for or support a family member or friend
7. Take a walk, ride your bike, jog and be outdoors for exercise — with at least six feet between you and others
8. Help someone to get necessary supplies

You May Not:
1. Visit friends and family if there is not an urgent need
2. Get within 6 feet of distance from others when you walk, run, or bike ride
3. Visit loved ones in the hospital, nursing home, skilled nursery facility or other residential care facility, except for limited exceptions listed by each facility
4. Leave your home except for necessary household items, to exercise independently outdoors or seek medical care
