

Volunteer News Desk

Welcome New Faculty Candidates

Trauma Recovery/HAP is delighted and grateful to welcome 19 clinicians entering into our Faculty Academy training programs in fourth quarter of 2020.

Trainer Candidates

Rosalie Thomas, HAP's senior clinical consultant and Trainer Candidate trainer notes that seven volunteers have been accepted into the Trainer Candidate Program:

- Christine Bergman
- Stacy Eggsware
- Kyndel Marcroft
- MaryJo McHaney
- John Paradiso
- Sadie Smith
- Yuchuan Yang

These Candidates participated in a two day orientation Nov.21 and 22, during which they focused on the content of the material for Basic Training Part 1. They worked on teaching skills and team building, as well. Following the orientation, the trainer candidates will begin presenting sections of the manual at upcoming Part 1 trainings.

Facilitator In-Training Candidates

Virtual Facilitator in Training orientation began in October with Jan Schaad, Facilitator In-Training (FIT) program instructor. Twelve therapists have entered the FIT program:

- Alison Acton
- Dominique Barritt-McBride
- Lisa Battle-Gwathney
- Joanna Burke
- Quandra Chaffers
- Deborah Del Vecchio-Scully
- Carissa Karner
- Marlene Kenney
- Camille Larsen
- Scott Mentzer
- Peter Pruyn
- Jessica Whitaker

Once these volunteers have completed their orientation they will “shadow” another Facilitator in a Part 1 training, then lead a Part 1 Practicum as part of the training programs next steps.

Special congratulations to Sarah A. and Lisa B-G., who recently completed training and became our newest EMDR Part 1 Facilitators. Great Job!
