

## Recap: 2018 Annual Chapter Business Meeting

PMI bylaws require each chapter to hold an annual business meeting to review the chapter finances for the previous year and to discuss plans and goals for the upcoming year. PMINYC held this meeting on January 17th, 2018 at the Kimmel Center at New York University. Steve Nosal, Immediate Past President, opened the meeting and ‘handed the baton’ to our new President, Karen Fox. Karen presented a snapshot of the chapter’s membership, new and returning leaders, and objectives for 2018.

Loretta Gadson, VP Finance, presented a summary of the chapter’s balance sheet. Click [here](#) to see the President’s deck from this meeting.

To end the evening, a great presentation was given by Uri Galimidi of Will to Change. He presented a compelling study and led a lively discussion on “The Billion Dollar Project Blunder”. It was a case study of a government security project that failed and an enlightening discussion of the root causes of that failure.
