

Chapter Volunteer Role Descriptions

Over the past months we have been working on a project to write role descriptions for all of our volunteer positions. At present we have collected about 40 descriptions with more to come. The benefit of having these detailed role descriptions is that all volunteers and members interested in becoming a volunteer can see the responsibilities, expectations and time commitment.

The role descriptions are accessible for viewing by all members but you must be logged in using your PMI username and password. After that there are two ways to access:

1. Main Navigation bar > About > PMINYC Office Role Descriptions (see upper right corner)
2. Members Menu > Members > Volunteers PMINYC Office Role Descriptions

Then, click the hyperlink [Role Description Drop File](#) (highlighted in yellow).
