What makes this PEO different from others?	Leader of all PEOs with benefits and ACA compliance laws, rules and regulations. Exceptional level of customer service! Since Insperity is a direct buyer from UHC, they can safeguard their average renewal increases just about 5.5% which is well below anyone else in the market.	TriNet has a fundamental belief that HR is not a one-size-fits-all solution. They provide all of HR services your company needs to succeed and can customize for each client. All of their bundled services are available on a convenient cloud platform.	Oasis is the largest privately held PEO. Holds all the same accreditation as a public company. Because Oasis is privately held, they have flexibility to customize programs to meet client's expectations. Their fees are fully transparent.	Great company with excellent benefit options. Prestige is more selective than others and offers great customer service. Offers five professionals on every account, handheld customer service with rates equal or better than the competition.	This is a relatively new PEO on the NY market but is eager to accommodate and attract new business. They are comprised of former ADP personnel that prides itself on customer service. "We offer personal service responsiveness, flat pricing, and no bundle billing".	Chicago based medical PEO now entering the tristate area market. Is willing to carve out WC for groups that may be a good fit. Offers an Essential Value Plan that satisfies BOTH ACA penalties! NOTE: Idilus requires that EVERY FT employee complete an online health form for firm rates.
