

## WHAT WE DO

### **School Readiness Program (SR)**

Through state and federally supported funding, we serve families via the SR program by providing affordable high quality child care to families that are eligible.

### **Voluntary Pre-Kindergarten**

This FREE (to all 4- and 5-year-old Florida residents) program gives children a jump start by preparing them for school and enhancing their pre-reading, pre-math, language and social skills.

### **Child Care Resource and Referral**

This is a free resource for parents who are needing help with the VPK & SR program application process. Additionally, we provide valuable community and state resources, a database of legally operating child care providers, connections to special needs specialists, and much more.

## **We are launching your child's future**

The children of Brevard County are our greatest and most important resource. Their earliest experiences set the stage for their future success in school and in life. At the Early Learning Coalition of Brevard County, we strive to make certain that children and families have access to the quality, affordable early learning programs and services necessary to better ensure their successful futures.
