THIS YEAR WE SOARED TO NEW HEIGHTS...

A community based and family-focused initiative to foster early literacy and kindergarten readiness through story time, STEAM activities, Dolly Parton's Imagination Library, Little Free Libraries, and more!

Our monthly Launch into Literacy events collaborate with exciting community partners to bring themed story time and STEAM activities to locations across the county.

Dolly Parton's Imagination Library supplies one high-quality free book each month, mailed directly to a child at their home. We have 6,000 registrants as of June 2025.

Our 10 Little Free Libraries throughout Brevard County provide easy access to books. Many of these locations serve our community in designated book desert areas.

AND LAUNCHED...

Learning Trails create quality engagement opportunities in outdoor environments through a series of signs with learning prompts and coordinating interactive sidewalk activities.

Learning Launchpads are a dedicated area to provide a quiet place for children to enjoy a book allowing adults to conduct business.
