

Do you have physical symptoms that get in the way of your life?

We are looking for youth (11-18 years old) with **any type of** physical symptoms and/or their caregiver/parent to participate in a research study. This study is to develop a new questionnaire for youth and caregivers to understand the relationship between stress and physical symptoms.

What will I be asked to do?

Youth and caregivers will fill out online questionnaires about their thoughts, feelings, and experiences. This should take about 60 minutes.

What will I get?

Families who participate will be entered into a draw for a chance to win 1 of 3 \$40 gift cards

If you and/or your caregiver are interested in participating or learning more about the study, please contact us at amrit.dhariwal@cw.bc.ca or 604-875-2097

Principal Investigators: Dr. Amrit Dhariwal & Dr. Katelynn Boerner
