

HAP CareSource Continues to Offer Medicaid and MI Coordinated Health Plans in Michigan for 2026 and Beyond

HAP CareSource continues to provide Medicaid, Healthy Michigan Plan and Children Special Health Care Services (CSHCS) and HAP CareSource™ MI Coordinated Health (MICH) plans. We remain committed to the Michigan market, these beneficiaries and ensuring our communities have access to high quality care.

HAP CareSource offers Medicaid in 19 counties (within Prosperity Regions 6,7,9 &10) and MI Coordinated Health in Wayne and Macomb counties for 2026.

In the fall, we reported that we would not be offering our Marketplace plan on the ACA exchange in 2026. That is the **ONLY** plan impacted. HAP CareSource is committed to customers in Michigan.

HAP CareSource Medicaid and MICH members can still access our full network [here](#).

We are here to answer any questions our providers and members may have.
