

Update - Matrix Medical Network & Advantmed Partnership for No Cost In-Home Health Visits and Annual Wellness Visits

During 2026, HAP is partnering with Matrix Medical Network (Matrix) & Advantmed to offer a no cost in-home health assessment with a nurse practitioner. This unique health service is for select HAP Medicare Advantage members. Eligible members will receive one in-home health assessment per year through either Matrix Medical Network or Advantmed. Members can only receive one visit per year.

Matrix and Advantmed in-home health visits are:

- Meant to enhance and supplement a member's relationship with their primary care physician
- Designed to be a comprehensive health assessment to address gaps in care related to:
 - Risk adjustment
 - Quality measures
 - Care management

Matrix and Advantmed in-home health visits are not:

- A replacement for an annual wellness visit (AWV)/or physical with a PCP

The in-home health assessment and wellness visits may include:

- Brief exams, including vital signs
- Active, inactive, and chronic medical diagnoses with associated medication
- Functional status and fall risk assessment
- Personal and social history of drug, tobacco, and alcohol screenings
- Diabetes and cancer assessments
- Depression screening
- Clinical assessment of the patient with management plan
- Preventive and chronic disease case recommendations
- Case management referral (if applicable)

After an in-home health assessment visit, Matrix or Advantmed will send a summary of the results to the member and their PCP.

If you have any questions about this partnership, please email providernetwork@hap.org. Be sure to put "**Matrix**" or "**Advantmed**" in the subject line.

If you have questions about the assessment and process, please contact:
