

Medical Record Review Projects

HAP partners with vendors to conduct medical record reviews. They contact offices directly and provide the review details, including due dates and submission requirements.

The table below outlines our current and upcoming medical record review projects. Unless otherwise noted, our vendors, **Optum/Episource, LLC**, and **Cognisight** conduct all reviews. Provider offices could be contacted more than once due to different regulatory projects, dates of service, and membership.

Medical Record Review Project	Description	Timeframe	HAP Members	Dates of Service
Commercial Risk Adjustment	Review of diagnoses in HAP member medical records for information not submitted on claims	Nov 1, 2025-Mar 31, 2026	Commercial	2025

Nov 1, 2025-May 1, 2026	Commercial Medicare Advantage	2018-2025

Vendors will contact provider offices by letter if they are part of the medical record review. The letter will include:

- List of members required for review
- Due date
- Submission requirements

If you are not contacted, there is nothing you need to do.

Per your HAP contract and HAP policy, failure to respond to these requests is subject to potential recovery of paid claims. We appreciate your cooperation. We will work with you to minimize disruptions in patient care activities.

If you have any questions, please reach out to your Provider Services representative.
