

Coding & Quality Assurance

In Partnership with  Cliniqon

Coding
OASIS Review
Quality Assurance

**Empower Your
Coding Function
to Drive Quality
and Compliance**

In today's regulatory landscape, precise coding and OASIS accuracy are essential for maintaining compliance, optimizing reimbursement, and delivering high-quality care.

Corcoran Consulting, in partnership with Cliniqon, provides comprehensive coding and quality assurance services designed to strengthen your agency's performance.

Our Value-Added Services

1 OASIS and Coding Accuracy

Our certified home health and hospice coding specialists are trained in CMS, PDGM, and payer-specific regulations. Every chart undergoes a detailed OASIS review to ensure alignment between documentation, coding, and patient outcomes.

Result: Fewer denials, enhanced compliance, and readiness for audits.

2 Efficiency and Turnaround

Our scalable review process eliminates bottlenecks and maintains fast turnaround times even during census growth or staffing changes.

Result: Accelerated cash flow and more time for your team to focus on patient care.

3 Cost Control and Scalability

Keep your agency running smoothly even during vacations or staffing shortages.

Corcoran and Cliniqon give you scalable coding support without the overhead of recruiting and training an in-house team.

Result: Predictable costs and consistent quality at every volume.

Capacity + Industry Expertise = Performance

Our partner, Cliniqon's more than 500 clinically qualified and certified coders and reviewers process 20 million charts annually, with a 98% accuracy and 97% turnaround time in 24 hours.

As Cliniqon's exclusive partner in the Northeast, Corcoran Consulting Group is able to leverage our expertise in home health and hospice operations to recommend a support package that is right for your organization's needs and goals.
