

# Age-Friendly Solana Beach

Social Policy Institute is working in partnership with the City of Solana Beach, San Diego Foundation, and AARP to engage the community in transformative change. With your input, we want to help make Solana Beach a friendly, safe place to grow older. You can help us to decide on priority areas of focus. Join us for an interactive discussion and light refreshments as we create a vision for an age-friendly community. Come to any of the sessions below to let us know your thoughts!
