

## **VOLUNTEER TO HELP IMPLEMENT NEW LAW**

DC KinCare Alliance seeks attorney volunteers to provide *pro bono* legal services to assist with implementation of the expansion to the Grandparent Caregiver Program subsidy. On or about October 1, 2019, we are expecting an influx of newly eligible relative caregivers seeking our help to complete the subsidy application. ***That is where you come in!***

In September, we will hold a training for interested attorneys to learn how to help relative caregivers complete the applications.

In October, we will hold clinics on various dates and at various locations in the city to assist relative caregivers complete subsidy applications.

You can sign up for as many clinic times and dates as you like.

DC KinCare Alliance attorneys will be on-site at each location to provide supervision and answer any questions.

### **TO VOLUNTEER:**
