IMPORTANT INFORMATION

In light of increasing health measures, travel bans and social distancing guidelines associated with the COVID-19 pandemic, ISABB has made the difficult decision to transition the 2020 ISABB Annual Meeting & Collaborative Symposium to a live, 2-day virtual event.

- Event login, registration confirmations and event schedules will be sent to the email address used during the registration process. Be sure your email address is correct to ensure you receive all event updates.
- All event information will be conveyed digitally with no paper flyers, programs or registrations form being printed/mailed.
- Registration must be completed and mailed payments must be received prior to the event. Those registering online must also do so before the event date(s).
- Break times have been blocked for vendor participation and presentations. Exhibitors' participation level is dependent upon their sponsorship level.
- In order to receive a certificate of attendance and continuing education credit, you must register to attend. Recordings of the speaker sessions will be available after the live event. You must register in order to receive the link to these recordings.
