

ARIZONA HEALTH EQUITY

CONFERENCE

Racism and Its Impact on Child and Adolescent Health: from Awareness to Action

Building Bridges: Connecting Communities in Research, Practice, & Policy

Sponsorship Opportunities

The Arizona Health Equity Conference highlights current health equity research, practices, and policy efforts taking place in Arizona, and fosters innovation through collaboration, knowledge transfer, and a shared commitment to health equity among new and existing partners.

Conference attendees include physicians, nurses, researchers, clinicians, public health professionals, community health workers, social workers, and non-profit partners. Annually, our conference attracts over 330 attendees from around the state, with 18 unique breakout sessions and over 30 speakers. Since we are going virtual this year, we expect many more attendees who may not have had the opportunities to travel to Phoenix in the past.

We invite you to partner as an Sponsor, for this important conference. This sponsorship allows you to position your company or organization as a leader in health equity to thought leaders, visionaries, and affiliate organizations addressing challenges and opportunities around access to care in Arizona.

In light of COVID-19 and to protect our communities, the conference will be a **VIRTUAL EVENT.**

OCTOBER
15 8 A.M -
4:30 P.M
