

# NYSAR<sup>3</sup> Chapter 4 Combines Meeting with Park Clean Up

Several NYSAR<sup>3</sup> Chapter 4 members met for a tour, meeting, lunch and park clean up in early September. The group visited the Doane Stuart School in Rensselaer to learn about their Green Roof project. This was followed by a picnic lunch and meeting at the Riverfront Preserve on the Hudson River. And then they joined together for community cleanup while networking after lunch.
