

New York State Association for Reduction, Reuse & Recycling Inc.

Fall 2016

Applications Accepted Through Dec. 15

College Council Grant Submissions Are Now Open

From the Chair

Greetings Eco Colleagues,

It's that time of year again! The application process for the next round of College Council grants is open. You can find the application on the NYSAR3 website by following this link: <http://www.nysar3.org/page/grant-program-for-ny-colleges-28.html>

The application cycle is open from Oct. 15- Dec. 19, 2016 and the winners will be announced in January.

So if there is a project of significance you've been trying to get going, now is the time!

Also, don't forget the NYSAR3 Fall Conference. Attend a session on perplexing plastics, get an update on legislation, reconnect with the textile campaign, Re-Clothe NY and

catch up with your collegiate colleagues, last year's College Council Grant Winners to gain insight into some of the prominent issues on campuses. There is so much to learn at this year's conference I'm surprised we got it all into 3 days!

There are still some free registrations to the fall recycling conference available to the conference but they're going fast so don't wait! Contact me ([Lorinda Hill](#)) or [Lisa](#) for the details and secure your place.

We'll be having our webinar a bit late this year, in November. Look for those details in the next couple of weeks.

Thanks, and Happy Eco Trails!
