

Jan. 15, 2019

Greetings Eco Colleagues!

It is I, the long lost chair of the College Council. I know it's been a while since I've sent out a letter from the chair but sometimes life takes us away from the things we'd really rather be doing. The last year has been full of change and surprise and while it's slowing down, it isn't over.

Among other things, I have retired from Rockland Community College. It has been my great privilege and pleasure to serve in the capacity of College Council chair but as I am no longer working at a college, I feel the needs of the membership would be better served by someone in academia. To that end I am proud to announce that the new chair will be Kathryn McArdle of Rochester Institute of Technology and a new NYSAR³ board member. Among other skills she has enormous energy and oodles of ideas to keep the membership involved and engaged. She has already improved the College Council grant! If you haven't seen it already, Kate has posted the latest College Council Grant application for your perusal. I urge you to take a look and apply if you think we can help you with your projects.

So, I ask you to please join me in welcoming Kate to the position and I know we all look forward to working with her and accomplishing great things. And so, for the last time, my dear colleagues,

Happy Eco Trails,

Lorinda Hill
Ever the Mad Maven of Mulch.
