

Community Wildfire Protection Plan Update Project

What is a Community Wildfire Protection Plan (CWPP)?

A CWPP is a plan designed to identify wildfire risks and hazards to communities and develop recommendations to address that risk. The CWPP is a countywide guiding document for wildfire prevention activities.

What is the CWPP update project?

CWPPs are a critical element for county wildfire preparedness. Santa Clara County FireSafe Council (SCCFSC) has received a \$250,000 grant from CAL FIRE and California Climate Investment (CCI) funds to manage the project to update the current Santa Clara County CWPP. Updating the CWPP creates a strategic wildfire preparedness plan and allows county agencies to identify projects and seek funding to support project implementation.

Why is the CWPP important to me?

The CWPP identifies how to protect communities from wildfire and allows representatives to take action. Information in a CWPP can help protect and prepare communities and it is a helpful tool to gain community support for raising awareness and getting work done.

Who is updating the CWPP?

The Santa Clara FireSafe Council is leading the project with support from CAL FIRE, CCI Cap & Trade Dollars, County Fire, Santa Clara County Office of Emergency Management, and other key stakeholder agencies.

Project schedule?

The project is currently underway and is expected to be complete by August 2023.

Where can I find updates?

For more information, FAQs, and to sign up for updates visit SCCFireSafe.org/CWPP
For questions, please contact the CWPP team at CWPPteam@sccfiresafe.org or (408) 975-9591
