

2023-2031 Housing Element Update

The City of Gilroy is in the process of updating its General Plan Housing Element. The Housing Element is one of nine State-required components of every city's General Plan. The Housing Element of the General Plan identifies the City's housing conditions and needs, establishes the goals, objectives, and policies that are the foundation of the City's housing strategy, and provides an array of programs to create sustainable, mixed-income neighborhoods across the City.
