Che-"Mystery" and Chemical Concoctions

Ages 5-10

Have a ton of fun with all kinds of chemistry, including growing crystals, making sidewalk chalk, and learning the science of chromatography!! Mix it up as we experiment with molecular madness, radical reactions, and "fizz"-ical and chemical reactions. Use their observation skills, collect evidence, conduct chemical analysis and work together to solve a crazy Mad Science caper!

Junior Inventors

Ages 6-11

Creative Contraption Warning! This camp is designed by you—the Inventor! Each day you'll be given a series of challenges which must be overcome using basic materials, simple machines, tips from world famous inventors and the most important thing of all – your imagination!

Dinos and Ancient Worlds

Ages 6-11

Dinosaurs, Myths, and Legends! Dig up some proof when little more than fables are left behind! Learn about archaeologist, paleontologist, and the techniques scientists use to excavate and discern fact from fiction! Study bone fragments, pottery shards, amber deposits, and fossils to understand what they can tell us about history! Make and take-home projects each day like a fossil reproduction, an amber time capsule, coins from around the world!

Secret Agent Lab

Ages 6-11

From decoding messages to metal detectors and night vision, campers check out spy tech equipment and take-home lots of gadgets! Step into the shoes of a detective as you uncover the science involved in evidence gathering and analysis! Become a super spy and learn clever ways of performing tasks as we take a hands-on view of the science that spies and detectives use!

Mixtures and Motion

Ages 6-11

Dive into the realms of the Chemical and Physical world in this crazy week of non-stop action – and Reaction! Explore our wonder lab and perform spectacular hands-on experiments and continue the fun at home with the gadgets you've designed in the lab!
