Services Included in your CNYIS Dues

MLS Shared Data Base

New York State's first 100% shared MLS database, with access to listings in Upstate New York from MLS services of Rochester, Buffalo and Syracuse (including Cayuga, & Oswego) Chautauqua-Cattaraugus, Cortland, Ithaca, Jefferson-Lewis, Mohawk Valley, Otsego-Delaware & McKean, PA.

Matrix

The latest version of Matrix from CoreLogic that unifies listing data and Realist Property Data. The result is truly property-centric listing platform that gives you a 360-degree view of properties in your market.

OneHome™

OneHome™ is the latest evolution of the Matrix™ client portal. Available to your clients by invitation only, OneHome™ revolutionizes the homebuying process by offering a suite of user-friendly tools to help your clients find the right place to live. OneHome™ gives you more ways to connect with your clients than ever before.

Realist Tax Product

Realist integrates with Matrix allowing users full access to Realist data such as tax rates, street & aerial maps, sales comparables, mailing labels and more. Access to tax records for over 45 counties - without paying county access fees. Realist also includes premium maps.

MLS Touch App

MLS-Touch is an advanced mobile app that helps you stay connected to the MLS and engaged with clients on the go. Together with Matrix, Realist, and Prospects CRM, MLS Touch is part of a seamless mobile and desktop ecosystem. MLS Touch automatically synchronizes contact information, suggested & favorite listings, carts and saved searches with Matrix. You can edit listings price, public remarks and private remarks and because CNYIS uses Realist, you can also access public record data for ownership & occupancy, assessed values & property tax.

eProperty Watch

ePropertyWatch is a CoreLogic service that helps you stay in touch with past clients until they are ready to sell, buy or make a referral. The monthly report is full of information on their home and neighborhood, with up-to-date information on their homes value, nearby listings and transactions, local trends and more.

Single Sign On (SSO)

Clareity's SSO creates subscriber convenience, drives adoption of third party applications and centralizes subscriber access under a single login. No more 'whats my ID & password?' for each application. With SSO portal, subscribers will immediately know the applications available to them and easily select where they want to go.

Multi Factor Authentication (MFA)

MFA is an extra layer of security for the Clareity Dashboard to help protect everyone whose data is accessed with a user's user ID and password. The user will be offered their choice of e-mail or text for MFA.

Scout

Scout for SAFEMLS-Intelligence Driven Authentication Scout is strong authentication to accurately identify account sharing and other unauthorized access by a proprietary combination of key stroke dynamics and device identification technology.

ShowingTime

An MLS-Integrated online showing request system that gives agents 24/7 access to request showings, reduces showing related calls, generates feedback and helps sell homes more efficiently

MarketStats by ShowingTime
