

**CSL WEST**  
**AutoCAD**  
Design Services

**Job Specific Shop Drawings, Details & Recommended Sheet Layout**

**Information needed:**

- Carlisle assembly letter (if already generated)
- Project name and location (address if possible)
- Architectural firm
- General Contractor
- Consultant (if applicable)
- Roof Plan with penetrations
- Deck type
- Insulation layers, thicknesses, and attachment rates (how many plates per board/bead spacing)
- Membrane type, thickness, attachment rate (adhered/mechanically fastened)
- Edge metal type(s)
- Roof Plan (pdf will work, but prefer a dwg file)

**We can incorporate the AutoCAD details into a customized CSL submittal, in order to prove you with a complete professional package for your clients. To request a quote or for more information, please reach out to your rep or Austin in our Design Department.**
