

## Did You Know We Offer Temporary Staffing Solutions Too?

You might already know us for our expertise in recruiting top talent for full-time roles — but did you know we also provide **temporary staffing solutions**? That's right — we can supply qualified temp labor, handle full payroll processing with tax withholdings, and even offer benefits packages for your contingent workforce.

As businesses grow and take on new projects, flexibility in workforce planning becomes essential. Whether you're scaling up for a seasonal surge, managing a specialized short-term initiative, or testing a new market, temporary staffing can offer the agility you need — without the long-term commitment of permanent hires.

Let's explore the many benefits of temporary staffing and how working with a trusted staffing partner like us can simplify your operations.

## Why Choose Temporary Staffing?

Hiring temp workers — including independent contractors and other flexible labor — allows companies to maintain momentum without the complexities of full-time employment. This staffing model is cost-effective, fast to deploy, and adaptable to your business needs.

## Benefits of Temporary Staffing with Our Firm

### Access to Pre-Vetted Talent

Tap into a broad pool of local and international candidates who are ready to step in and contribute. Whether you need specialized skill sets or general labor, we can connect you with the right fit — fast.

### Flexible Workforce, On-Demand

Need to ramp up your workforce for a project or fill in during employee leave? Temp staffing allows you to scale up or down without the delays or commitments of hiring permanent staff.

### **Payroll and Withholding Services**

We don't just find the people — **we also handle the back office**. From paycheck distribution to managing withholdings for taxes, Social Security, and Medicare (in the U.S.), we ensure compliance and accuracy. No headaches, no hassle.

### **Benefits Options for Temporary Staff**

Unlike many staffing agencies, we can provide **optional benefits for your temporary workforce** — helping you attract and retain top-tier contractors who value stability and support, even in short-term roles.

### **Lower Overhead Costs**

Temp workers help reduce costs by eliminating the need for full-time salaries, benefits, and long onboarding processes. You pay for the time and skills you need, when you need them.

### **Global Reach Without Entity Setup**

For clients exploring international expansion, we can act as your Employer of Record (EOR), allowing you to engage global contractors or temps without having to establish a legal entity abroad. You get the flexibility to test new markets — compliantly and cost-effectively.

### **Avoid Risk of Misclassification**

When businesses attempt to engage independent contractors without proper classification, they risk fines and legal exposure. Our staffing solutions ensure proper classification, documentation, and compliance — reducing your liability and protecting your reputation.
