

Golden Rock Resort receives MICHELIN Key for second Consecutive year

St. Eustatius, Dutch Caribbean — Golden Rock Resort has once again been awarded One MICHELIN Key by the prestigious MICHELIN Guide, marking the second consecutive year the resort has received this distinguished international recognition. Golden Rock Resort remains the only hotel across the BES islands — Bonaire, St. Eustatius and Saba — to hold a MICHELIN Key.

The MICHELIN Key recognizes the world’s most exceptional hotels and is the hospitality counterpart to the renowned MICHELIN Stars awarded to restaurants. One MICHELIN Key signifies “a very special stay” and celebrates hotels that stand out for their character, quality of hospitality and ability to create a truly memorable guest experience.

A mark of exceptional hospitality

The MICHELIN Key recognizes the world’s most exceptional hotels and is the hospitality counterpart to the renowned MICHELIN Stars awarded to restaurants. One MICHELIN Key signifies “a very special stay” and celebrates hotels that stand out for their character, quality of hospitality and ability to create a truly memorable guest experience.

Receiving the distinction for a second consecutive year underlines Golden Rock Resort’s consistent commitment to delivering an exceptional standard of hospitality on St. Eustatius, one of the Caribbean’s most authentic and unspoiled destinations.

Where luxury meets the nature of St. Eustatius

Nestled between the majestic Quill volcano and the Atlantic Ocean, Golden Rock Resort combines understated luxury with the spectacular natural surroundings of St. Eustatius. Set within 40 acres of lush tropical landscape, the resort offers 75 rooms, suites, villa suites and cottages, complemented by swimming pools, spa facilities, restaurants, sports facilities, beach access just minutes away, and exceptional diving and nature experiences.

“To receive a MICHELIN Key for the second year in a row is an incredible honor for our entire team,” said Francisco Saad, General Manager of Golden Rock Resort. “Being the only hotel across Bonaire, St. Eustatius and Saba to hold this distinction makes us especially proud. More importantly, it allows us to shine an international spotlight on St. Eustatius and everything this remarkable island has to offer.”

A destination above and below the surface

The recognition further strengthens Golden Rock Resort’s position as a leading luxury nature and diving destination in the Caribbean.

Sustainability is equally central to the resort’s philosophy. Golden Rock Resort has received both Green Globe Certification and the Green Key Award, reflecting its commitment to environmentally responsible hospitality and to preserving the extraordinary natural surroundings of St. Eustatius for future generations.

Putting St. Eustatius on the global luxury travel map

The second consecutive MICHELIN Key is not only a milestone for Golden Rock Resort, but also an important recognition for St. Eustatius. As international travelers increasingly seek authentic, nature-driven and less-discovered destinations, the award places both the resort and the island firmly on the global luxury travel map.

Set on the lush Caribbean island of St. Eustatius, Golden Rock Resort is redefining sustainable luxury in the Dutch Caribbean. Surrounded by tropical gardens and dramatic ocean views, the award-winning resort has earned international recognition for both its hospitality and environmental leadership, including a prestigious MICHELIN Key distinction as well as Green Globe Certification and the Green Key Award. With innovative sustainability initiatives such as a large-scale solar park, organic greenhouse, advanced water recycling systems and extensive reforestation efforts, Golden Rock Resort seamlessly combines world-class comfort with a deep commitment to preserving the natural beauty and biodiversity of St. Eustatius. www.goldenrockresort.com
