

Join the Lionfish Slaying Movement!

[Atlantic, Gulf of America & throughout the Caribbean]

Dive into the excitement! Conservation meets competition at the Lionfish Derbies—the ultimate underwater thrill ride that turns the tables on this invasive species while having a blast! Upcoming events: www.lionfishzk.com/events

Lionfish are the rockstars of the reef, but not in a good way. They've been making themselves too comfortable in our oceans with no natural predators and chowing down on our reef fishes. That's where you come in! Join us for engaging and action-packed Lionfish Derbies, where divers, eco-enthusiasts, and aquatic adventurers come together to slay this invasive fish head-on—one spear at a time!

At these exhilarating events, participants will compete to see who can slay the most, biggest and smallest lionfish while enjoying community camaraderie, friendly competition, and educational workshops on the importance of protecting our marine ecosystems. Plus, what could be better than slaying for a cause?

Why Participate?

- Have Fun: Enjoy the thrill of the hunt while making friends who share your passion for the ocean.
- Make a Difference: Help protect our reefs and restore balance to the marine environment.
- Delicious Eats: Turn your lionfish catch into a culinary masterpiece!

Want to be part of this exciting initiative? We're inviting sponsors and partners to join our mission! Whether you're a local business looking to promote your brand or an organization dedicated to marine conservation, we'd love to chat about how we can collaborate. For sponsorship or collaboration opportunities, contact Patricia at patricia@lionfishzk.com. Together, we can make waves!

Join one of the upcoming events, and let's make a splash in the fight against lionfish! For more information about the upcoming Lionfish events, visit: www.lionfishzk.com/events. Keep checking back or subscribe to the calendar because we add events often.

Get out and slay! #SlayEatRepeat
