<ul style="list-style-type: none"> • I don't think the church has ventilation system to handle this. • Use only what is necessary to mitigate risk

Please use this space to share any additional concerns you have that were not addressed in this survey.

- 1) Gale wishes to add communion comments. She says suggest to use plastic cups (shot) for the wine and use wafers for the " Host ". Less touching using the wafers. Gale says its a thought. Thank You
- 2) We are planning on staying with virtual services.
- 3) I LIKE SATURDAY BEST FOR ME. THERE ARE NEVER A LOT OF PEOPLE YOU HAVE PLENTY OF ROOM TO SPREAD OUT. THE PEOPLE THROUGHOUT THE CHURCH, 6 FEET APART. OFFERING IS DONE BY PUTTING INTO A BASKET, AND THAT SHOULD BE SAFE.THAT SHOULD NOT CAUSE ANY PROBLEM. IF YOU HAVE COMMUNION IT SHOULD BE DONE, ONE PERSON AT A TIME . PERSON SERVING INCLUDING PASTOR LUTZ WEAR RUBBER GLOVES AND MASK FOR PROTECTION. WHEN TOUCHING THE BREAD. EVERYONE IN THE CHURCH SHOULD WEAR A MASK. THAT SHOULD BE A RULE. THANK YOU. RENATE H. NALLEY
- 4) coffee/fellowship between Sunday Services? Will this be stopped? Tithes/Offerings may have to be dropped in a tray/box so people avoid contact?
- 5) Maintain as much of Lutheran liturgical worship structure as possible.
Perhaps a printed service with a hymn and responses is safer than using a hymnal. The paper could be taken home to be disposed of safely.
- 6) Don't know Eventbrite??
- 7) Thank you for taking into account everyone's concerns. We appreciate everything you're doing to keep us all safe!
- 8) The eservices have been enriched with supplemental appearances from other congregations. Please revisit the concept of 2 screens offset in the sanctuary. Churches have been using them to great advantage--both before and during service. The pandemic provides an opportunity for growth and positive change.
Weather permitting, we could begin outdoor worship ASAP if vacations are over.
- 9) I really hope that we are still able to enjoy music and singing. But definitely want people to be strongly socially distanced if singing.
- 10) Seating separate 6 feet/ per social distancing (inside church). Communion kneeling at the altar? will it work 6 ft. apart or should we commune standing like Saturday eve service on Sundays? I think the fellowship hall, you can't distance. Be like a grocery store, people going in and out before/after services.
- 11) Do at least the first indoor service with only about 20 people so those assisting and those attending have a chance to see what works and how/where the process can be improved. After this first service, communicate with the congregation and let everyone know how this first service went and what, if anything, needs to be changed. I would like to attend indoor service, but would not feel comfortable trying the first service especially if there are large numbers allowed.
- 12) Our pod # would most likely vary between 1-3 people. I think the virtual services are excellent, so I hope to see them continue once the weather becomes too cold for outdoor services.

- 13) I have no concerns, I can follow what makes people comfortable but me myself and for my family, I have no concerns.
- 14) Change Communion to individual serving cups and wafers, dispensed with gloves. Consider doing Communion monthly instead of every Sunday (we grew up that way!). Have outdoor coffee hour when weather permits. Note on the first question--we're interested in, but not necessarily committed to, in person gatherings.
- 15) We are in our 80s and 90s and may not be allowed (by our family) to go anyway. Thanks for trying
- 16) let us avoid all these precautions,. so we can get everybody immunity asap.
let the people that are concerned stay home
- 17) I personally don't have any concerns but I understand that other people do and I would abide by consensus.
- 18) I am excited to be back worshipping in God's house. Virtual worshipping has been a great alternative but it is so much more spiritual be in the church. Thanks for everything your doing to make this possible.
- 19) We have members/leader who are health care experts and will consult viable sources to determine best practices. I am comfortable following their recommendations. Of course, protocols should foster the least restrictive environment for worship.
- 20) This is very thorough. Thank you!
- 21) I will not attend if others do not wear masks.
- 22) At this time, I do not feel that I would attend in person services. If the disease occurrence improves, I would be willing to go at any time, any day. I hope that the Zoom services will continue. I especially like the recorded anthems and gospel story telling. The quality of music is wonderful! Thank you for the survey and opportunity to provide my preferences.
