

EpicEdge Community Connect Preferred IT Vendors

Practices across Wellforce will be moving to the Epic EHR over the next couple of years. The implementation of Epic will require having an IT Vendor in place to assist along the way. The EpicEdge Community Team evaluated multiple vendors to help practices with this decision and process. Below are two preferred and recommended IT Vendors.

Practices can contact and contract with these IT vendors for IT support. Both vendors offer ongoing monthly support packages priced by total numbers of devices at a practice, providing both remote and onsite support.

Bevin

**When contacting, please mention the Wellforce EpicEdge project to start the process.*

Phone: 508-964-2818

Address: 70 Corporate Park Drive Suite 1260
Pembroke, MA 02359
